# EAT GLOBAL

Eat Global is back for the second year and that means one thing, let your taste-buds do some exploring. This is a great opportunity to discover fantastic local restaurants and cafes all with a global twist. Take a look through the Eat Global brochure and discover what's in store for this year's week long festival taking place between 23 - 30 March.

The festival kicks off with a special family friendly launch event in Priory Meadow on Saturday 23 March with local restaurants show casing their favourite recipes, including some tasters to try.

Eat Global it is not just about eating it will include a variety of other foodie activities too. For the first time there will be a cookery demonstration at Azur Marina Pavilion and keep an eye out for culinary workshops for both children and adults. There will also be an Eat Global talk about 'Hastings Relationship with Food' featuring a panel of local foodie experts on Thursday 28 March.

As our best chefs come out from their kitchens, this is your chance to try many of their renowned dishes as well as discover some of their culinary secrets that make their dishes so tasty and unique. Eat Global celebrates the quality and the diverse range of food which is on offer locally.

The Eat Global team is proud to celebrate the international flavours of Hastings and St Leonards and has worked with local restaurants and festival company 18 Hours Ltd to bring together a packed week of food, fun and entertainment.

I hope you enjoy the town's second Eat Global festival as it grows from strength to strength.
